## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's amendment filed October 11, 2005, has been entered. Claim 22 has been amended as requested. Claims 1-21 and 29-42 have been cancelled. Thus, the pending claims are 22-28, 43, and 44.

### ***Claim Rejections - 35 USC § 103***

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 22-28, 43, and 44 stand rejected under 35 USC 103(a) as being unpatentable over US 5,447,785 issued to Kishi et al. in view of US 5,100,713 issued to Homma et al. as set forth in section 8 of the last Office Action.

Applicant has amended independent claim 22 to limit the resin to being diluted with a solvent, wherein at least 80% of said solvent is incompatible with said binder. Applicant argues Kishi and Homma do not teach said limitation (Amendment, page 4, 5<sup>th</sup> paragraph). However, said amendment is insufficient to overcome the present rejection in that the claims are drawn to a cloth prepreg (i.e., final product) and the solvent is not present in said final product. Limitations drawn to process steps and intermediate products are not necessarily given patentable weight in final product claims unless said steps or intermediate products manipulatively affect said final product. Applicant teaches said solvent limitations are required to obtain the high cover factor of the prepreg and a resin content of 30-60 wt.% (specification, page 16, lines 19-27). Since Kishi

also teaches the importance of high cover factor and a resin content of 30-50 % (col. 16, lines 6-15), the examiner does not see a patentable distinction between the prior art and the present invention. Therefore, the present rejection is maintained.

### *Conclusion*

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
